PART II

This Part II,

QuinStar Technology requires that CDC-compliant face masks be worn in our facilities consistent with applicable CDC guidance and state and local requirements. The current mask requirements are as follows:

Individuals must wear face masks, *regardless of vaccination status*, at all times when in common areas or shared workspaces

(including open floorplan office space, cubicle embankments and restrooms). Individuals may remove the face mask when alone in an office with floor-to-ceiling walls and a closed door, or for a limited time when eating or drinking in common areas, while maintaining distancing.

Fully vaccinated individuals who have certified their vaccination information below may elect not to wear face masks, while in a conference room. Face masks must be worn at all other times, while in a facility.

Individuals who are *not fully vaccinated* where social distancing is observed, must:

- Wear face masks at all times when in common areas or shared workspaces (including open floorplan office space, cubicle embankments and conference rooms). Individuals may remove the face mask when alone in an office with floor-to-ceiling walls and a closed door, or for a limited time when eating or drinking in common areas, while maintaining distancing.
- Wear face masks in crowded outdoor settings or during outdoor activities that involve sustained close contact with other people who are not fully vaccinated.

QUINSTAR TECHNOLOGY INC.

The CDC considers people to be "fully vaccinated" for COVID-19 two (2) weeks after they have received (i) the second dose of the Pfizer or Moderna vaccines or (ii) a single-dose of the Johnson & Johnson vaccine. QuinStar Technology will rely on your certification and, if it is not accurate, we may preclude your future entrance into QuinStar Technology facilities. **If you do not complete the certification below, you must wear a face mask at all times and physical distance to the extent possible during your visit.**

By signing below, I hereby certify that I am "fully vaccinated," as defined by the CDC.
